

CHEVRON

BY CUSTOM ORDER ONLY

Chevron flooring by UrbanWood opens the door to broader design possibilities. Our advanced manufacturing facility allows Chevron production across the full UrbanWood colour palette.

Also available: Stocking Program in Herringbone:
urbanwoodfloor.com/herringbone.

VENEER / ORIGIN / HARDNESS

European Oak - Europe - Janka Rating 1360

SIZE / CONSTRUCTION / AVAILABILITY

We manufacture Chevron in two custom order specifications:

ARCHITECTURAL 7.5" WIDTH (STANDARD CUSTOM SPEC.):

7.5" (190mm) width x 37.8" (960mm) lengths x 9/16" (14mm) thickness with a 3mm solid sawn veneer on a plywood core.

TRANSITIONAL 5" WIDTH (ALTERNATIVE CUSTOM SPEC.):

5" (127mm) width x 30.5" (775mm) lengths x 9/16" (14mm) thickness with a 3mm solid sawn veneer on a plywood core.

Waste Factor: Due to the complexities of Chevron installations, it is recommended to use a waste factor of 15% for most projects.

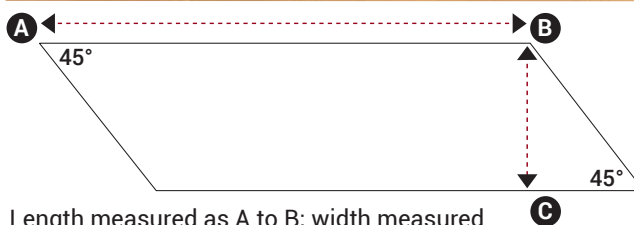

Availability: Chevron flooring is available only by custom order with a 12-14 week lead time. Transitionl (5") Chevron is available in Canada only. Please contact your sales rep for further information and specific estimation of lead times.

COMPATIBILITY WITH REGULAR PLANK FLOORING

All of UrbanWood's Chevron planks are milled, textured and finished to be a perfect match to UrbanWood's regular plank flooring. This allows for project designs where Chevron will be used in some spaces, and with regular plank flooring used in other adjoining spaces

ECO CONSIDERATIONS / CERTIFICATIONS

Third-party certified by Underwriters Laboratories to the level of GREENGUARD Gold, demonstrating the most stringent level of low emissions available to ensure a healthy living environment with excellent indoor air quality. All UrbanWood floors are manufactured in a state-of-the-art wood flooring manufacturing facility that is fully owned and managed by CRAFT Living Inc. The facility runs on green, renewable energy, is TRUE Zero-Waste Platinum Certified, and is designed to provide a healthy, VOC-free working environment for its employees

Length measured as A to B; width measured as B to C, as shown on the diagram.

BOX SIZES / CONTENTS
